Love the planet but not woodsy style? Try an earth-friendly workspace sleek enough for the city

**ISSUE** A beautiful wooden desk makes the right statement. But each year 40 million acres of forest disappear.

**SOLUTION** Opt for one made from responsibly harvested hardwood, also lacquered with nontoxic paint. Cabana desk (L: 47" x H: 30" x W: 20"), Dueduc, \$1,200; dueducnyc.com.

**ISSUE** Shocking amounts of plastic are thrown out: 14 million tons a year. Still, you need office supplies.

**SOLUTION** Skip the plastic binders for ones made from 100 percent recycled material. Binders in Stitched or black-and-white, \$16 each; russellandhazel.com.
