Get Organized

FEELING OVERWHELMED WITH MOUNTING BRIDAL DETAILS, NOTES, AND PAPERS? We have the perfect tool to help keep you organized. In 2008, russell + hazel unveiled its **Wedding Organizer** kit for brides to be. You'll love the clean, classic black-and-white pattern (also available in several other colors), labeled sticky notes, and planning forms available from the company's website. From those first magazine tear-outs of dream wedding gowns to fold-out table seating plans, everything's in its place. "Brides like this organizer because it's not fluffy—it's practical," says Chris Plantan of russell + hazel. "And, you can print out as many of the fold-out forms as you need." \$75, 4388 France Ave. S., Mpls., 952-929-9000, russellandhazel.com. —Olivia Herstein
