Bound for Glory

It's refreshing to see binders haven't been ignored in the modern design movement. These, from Russell+Hazel, feature striking graphic patterns to dress up your workspace. And, with reinforced corners, davey board exteriors, dry-erase interiors, laminated spines and rubber band closures, they'll be durable enough for everyday use. Each 1½-inch ring binder holds 275 sheets and is made from recycled materials. \$24; russellandhazel.com or 888-254-5837.
